

Update on Family #1

We are extremely excited to learn that this father has returned to work recently and is starting to see some relief after getting some unpaid utility bills taken care. They've had a few set backs lately but both mom and dad are in church and are faithful that God has brighter days in store for their family. We were able to provide for every item on their list except the sheets and pillows. But we did throw in some unexpected extra surprises. We were able to get a digital camera so they can make pictures on Christmas morning with their kids and all these gifts. And we also threw in gift cards for Cracker Barrel so they can have a nice meal out together. This is most likely an unheard of treat for this family. Cathie also put together a special movie night basket for them complete with 2 DVD's, popcorn and candy.

Update on Family #2

This is the family who needed wood for heating their home. We were able to get a pickup truck load of wood out to their home earlier this month.

We were able to get nearly every item on their lists. You may have noticed that the mom of this family didn't include herself for any gifts. But we wanted to make this Christmas one to remember for her as well. We were able to buy gifts for her (clothes, purse, and watch) as well as provide some unexpected gifts for their home. (TV, DVD player, towels, tickets to Shadybrook cinemas, and we were able to get a digital camera so they can make pictures on Christmas morning. And we also threw in gift cards for Cracker Barrel so they can have a nice meal out together. This is most likely an unheard of treat for this family. Cathie also put together a special movie night basket for them complete with 2 DVD's, popcorn and candy.
